### **MAHIKENG TOPSPEED IGNITE AND SET LIGHT UP MAHIKENG THE OVER WEEKEND**

As part of Re-branding, Re-newal and Re-positioning Mahikeng, the Bokone Bophirima Community Safety and Transport Management Department (COSATMA) and the Mahikeng Airport Management Company (MAMCo) collaborates to host the Mahikeng TopSpeed 2016 at the Mahikeng Airport.

A number of activities are lined-up to take place during the weekend starting from the 14 -16<sup>th</sup> October 2016. These are activities that are set to market, revitalise, revive and re-activate the economic potency at the airport.

Mahikeng TopSpeed is a lifestyle event combining motoring for maximum spectator thrill and chill. The event provides for both “learn and feel” environment through exhibitions and test-driving of exotic and vintage car and bike models on show. It is designed for law-abiding citizens who are speed fanatics and automotive enthusiasts.

The main purpose of the event is to provide a legal and safe platform for speed fanatics to enjoy pacing their machines away from public roads and avoiding endangering lives of the province citizens. The event is also very educational on mechanical engineering with enthusiasts and manufactures alike educating each

other and members of the public on torque, engine, shine, designs, turbo, style and rev-count issues. There is also experimental exercise involving modification and accessories of vehicles and engines and exhausts.

Learners from different schools across the province will also be given an opportunity during exhibitions to learn more on career opportunities available within the transport sector and road safety.

In improving and encouraging the healthy life style, MEC Dr Mokgantsang 'Mpho' Motlhabane will further lead the early bird wellness fun walk together with cycling then biking, which are also part of the festivities and activities of the October Transport Month.

**This inaugural event will be held as follows:**

**Date: Friday 14- 16 October 2016**

**Time: 09:00 am**

**Venue: Mahikeng Airport**
