Female passenger died in a head on collision

One female passenger died following a head-on-collision between two sedan vehicles traveling on the R503 between Klerksdorp and Hartebeest this morning.

According to traffic officials the two vehicles were overtaking, unfortunately the second car collided head on with the oncoming vehicle.

The two drivers and another passenger escaped with minor injuries, but they were however taken to hospital for further checkup and observation.

MEC for Human Settlements, Public Safety and Liaison Nono Maloyi called on motorists to overtake when it safe to do so, and adhere to road rules.

He said that it's unfortunate that people continue to loss lives even during a month declared to be transport month, where traffic and transport issues have been put on high alert.
