North West Provincial Government  
REPUBLIC OF SOUTH AFRICA

## **DEDECT DATA CAPTURERS TO VISIT BUSINESS AND LIQUOR TRADERS ACROSS THE PROVINCE**

*Some of the Data Capturers from the Ngaka Modiri Molema District*

The Department through its Employment Creation Programme has employed 144 Data Capturers from different districts to assist updating the Liquor Licencing Database and with the creation of the North West Business Licencing Database.

Their daily activities include going around the communities in the North West Province and identify businesses operating within their respective municipalities, and check whether they are licenced or not. They will further consider compliance with legislative or regulatory requirements and escalate findings to the regulatory divisions within the Department.

North West Provincial Government  
**REPUBLIC OF SOUTH AFRICA**

The Department herein like to make an appeal to all the Liquor Traders and Entrepreneurs in the province to cooperate with these Data Capturers as-in-when they visit their business premises. They are identified by the DEDECT uniform and supposed to produce Identification Cards with ID number and Departmental contact number for verification purpose. The Department would also like to inform the business owners that the work of these Data Capturers is strictly about the **information** on how business are conducting themselves in terms of compliance with the Liquor Act 27 of 1989 and the North West Business Licencing Act 03 of 2019 and nothing more.

The Departmental Employment Creation Programme is in line with the President Ramaphosa's administration commitments to focus efforts in reigniting economic growth and creating jobs. It is also one of the priority programmes of MEC Kenetswe Mosenogi who mandated the official to focus and channel their limited resources to projects which are job creation and skills development driven in order to change the lives of the people.
