Frequently Asked Questions:

Some of the questions that suppliers ask when completing SBD/MBD 6.2, Annexes C, D, and E include:

- 1. What is considered to be local content?**

it is that portion of the product whose manufacturing processes take place within South Africa, from input materials, raw materials, and/or components that were sourced in South Africa.

- ## 2. What is local manufacturing?

The working and processing, including assembling or specific operation should happen within the borders of South Africa. There must be value addition to the required products.

3. Provide clarity on the statement "Contractors may not be allowed to sub-contract in such a manner that the local production and content of the overall value of the contract is reduced to below the minimum threshold as stipulated in regulation 9 of the Preferential Procurement Regulations, 2011."

This means that contractors are to subcontract in such a way that their subcontractors also meet the stipulated minimum threshold and do not reduce it in their manufacturing processes.

4. With reference to LOCAL CONTENT DECLARATION form SBD/MBD 6.2, in particularly the table after C. Please advise whether it is correct to provide the averages of all requested items in the table.

LOCAL CONTENT DECLARATION

(AS PER ANNEX B OF SATS 1286:2011)

NOTES

[illegible]

13. If all items have the same stipulated minimum thresholds, must they be completed for each item?

Each item must have its own local content percentage calculated as per the local content formula and each percentage must be completed for each item under C15 of Annex C as the evaluation is on an item basis.

14. Where do bidders get the stipulated minimum thresholds to complete Annex C?

The procuring entities should provide a list of all required items and their respective stipulated minimum thresholds under paragraph 3 of the SBD/MBD 6.2 document.

15. What process is followed to ensure compliance to the local content and production policy?

The SABS handles the post award verification stage to ensure compliance by suppliers and the Auditor General is to audit the 2014/15 expenditure within the designated sectors.

Bid price, excluding VAT (v)	Bidders to insert C20 value here as found on Annex C.
Imported content (x), as calculated in terms of SATS 1286:2011	Bidders to insert C19 value here as found on Annex C.
Stipulated minimum threshold for local content (paragraph 3 above)	Bidders to refer to paragraph 3 of SBD/MBD 6.2 as provided by the procuring entity.
Local content %, as calculated in terms of SATS 1286:2011	Bidders to refer to C25 as per their calculation for the average of all requested items.

Please note: Averages are to be provided in the table above if the procuring entity requested more than one item. If only one item is requested, bidders are to populate as per SBD/MBD 6.2 requirements.

5. Must Annexes D and E also be submitted at the closing date and time of the bid?

It is not compulsory or a requirement at the time of bidding but the Annexes may be requested at any point. One cannot complete Annex C before completing Annexes D and E. However, procuring entities may reserve the right to request that all Annexes be submitted at the closing date and time of bid.

6. What happens if Annex C is signed but not completed?

The local content percentages would not be declared, therefore making the bid non-responsive.

7. What is the turnaround time for authorization letters to be issued out?

Authorisation letters are issued out within 48 hours for the Textiles, Clothing, Leather and Footwear Sector, and must be attached to the bid document, where applicable, otherwise the bid will be deemed non-responsive.

8. Is an authorization letter the same as an exemption letter?

Authorisation letters are issued out in the Textile, Clothing, Leather and Footwear Sector only, and will be reflected under (C13) of Annex C.

Exemption letters may be issued out in the other designated sectors. Exempted imported value would be reflected under (C11) of Annex C.

9. What is the process followed for requesting an exemption letter/authorization letter?

The following information should be provided on the bidder's company letterhead when requesting an authorization letter:

Authorisation letter:

- Tendering Authority.
- Tender No.
- Tender Item specification and quantity.
- Closing date.
- Company Name.
- Company physical address.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
