Confirmation of receipt of the forensic report by PriceWaterhouseCoopers.....

Date: Saturday, November 27, 2009

The department of Public Works, Roads and Transport (North West) today confirms receipt from PriceWatershouseCoopers, of a `` voluminous and very comprehensive`` forensic report.

This followed a two-month long forensic investigation ordered by MEC Mahlakeng Mahlakeng, into a number of areas in the department, with ``special focus`` on the Directorate: Roads Management. [[Click here for more](#)]

We are studying that report, and as promised by MEC Mahlakeng in September this year, the report will be made public because of the ``public interest this investigation`` and other related developments about the department in the past months.

The report's findings and recommendations including other options being considered, will inform our way forward.
