## **North West Provincial Government to kickstart the Phase 2 of Accelerated Service Delivery Programme- Thuntsha Lerole**

**Mahikeng** - The North West Provincial Government will this week kickstart Phase 2 of the Accelerated Service Delivery Programme Thuntsha Lerole at Ventersdorp in the JB Marks Local Municipality. The programme will now be rolled-out in all local municipalities in the province after the district launch in Phase 1.

North West Acting Premier, Patrick Dumile Nono Maloyi will continue to lead the programme and will be accompanied by MECs and Local Mayors to take part in different service delivery initiatives to resolve challenges experienced in Ikageng township.

Ikageng township is in the Potchefstroom area which is an industrial, service and agricultural growth point of the North West province. It encompasses several neighbouring settlements such as Mohadin and Promosa. All areas receive fair provision of services from the JB Marks Local municipality, however, they also have service delivery challenges such as potholes, unmaintained street lights as well as illegal dumping sites.

Service delivery activities to be undertaken across the municipality include fixing of street lights, patching potholes, clearing of illegal dumping sites, de-bushing of crime hotspot areas, business compliance check, veterinary services and support to local farmers, provision of health services, ID application, registration of SMMEs and may other services.

The government service delivery exhibitions and community feedback session will be held as follows:

### **Government service delivery exhibitions**
